1 June 2026

George Street North Pedestrianisation (GSNP)

Upcoming construction work in your street

Sydney Civil are working to improve George Street between Hunter Street and Essex Street, Sydney as well as selected adjacent streets as part of the wider George Street North Pedestrianisation project.

Works along George Street, which include installing new granite paving, upgrading the stormwater drainage, planting new trees and installing street furniture is well advanced.

Read more about the construction works planned to support businesses at: **www.cityofsydney.nsw.gov.au/improving-streets-public-spaces/extending-pedestrian-boulevard-george-street-sydney**

George Street North Pedestrianisation Project

Street:	Intersection of York & Margaret Street
Types of work:	Stormwater work, traffic signal upgrade work, lighting work, kerb and gutter work and footpath work.
Work times:	7.00pm to 5.00am Sunday to Thursday
Work Dates:	From 14 June 2026 for three months

Please note, this is a continuation of the works that we began in April, after a short break due to restrictions with Vivid.

What to expect during construction work

As the City of Sydney's contractor, Sydney Civil will take steps to minimise potential impacts during construction works. Please note some Sunday day works may be required depending on approved road occupation permits Issued by the relevant road authorities.

However, there will be machinery noise, temporary restrictions on vehicle parking, temporary changes to vehicle access, temporary closures of driveways, and temporary pedestrian detours. Please follow the direction and signage of our traffic controllers. We will also erect temporary fencing and install barriers to create a safe working area for our construction team and the community.

In the event of wet weather, unexpected ground conditions or other delays, work will commence the following day. If a delay persists, we will notify you of any scheduling changes. Please register with us to receive email and/or SMS updates.
