Street improvements Day and Night works

We're working hard at transforming our streets and public spaces to make them safer, accessible, and more inviting for everyone, especially people walking and riding bikes. Our yearly program of renewal and upgrade works across the local area focuses on essential infrastructure.

Sydney Civil will continue works on your street for the City of Sydney.

Street: Crown Street, Surry Hills
Section: Intersection of Campbell Street
Start Date: 01 December 2025
Duration: Three weeks
Working Hours: Works will take place from **7:30am to 3:30pm on weekdays between Mondays to Saturdays** excluding public holidays and during the **night from 8pm to 5am between Monday to Thursday, limiting to 3 nights per week.**

What we're doing

Street improvements including footpath upgrades, footpath widening, underground utilities/services relocations, drainage improvements, road improvements, lighting, traffic signals upgrade and landscaping works.

Managing our impacts

There will be some machinery noise, temporary restrictions to vehicle parking and changes to pedestrian access. These works are needed outside of standard hours to manage traffic safely when we need to provide detours for people walking or stop and reduce traffic lanes.

For your safety, please follow signs and be aware of any changed conditions.

Weather impacts

We'll aim to resume work the next day due to weather events. If poor weather persists, we'll keep you informed of any changes to the schedule.
